BRING WATER IN GROWLERS. TRIALS BY MILITARY CODE. The City's Great Inconvenience from a Short Supply of Croton. Only a Temporary Drought—Wait for the New Aqueduct's Opening.

New Yorkers are to-day brought face to face with discomforts from an unaccustomed source, and the possibilities attending its existence are causing much serious thought on the part of officials and guardians of the public health.

In hundreds of apartment houses and other high buildings, in the lower part of the city, as well as in Harlem, there was yesterday a water famine. While in most instances water fountains in basements and lower stories, the supply failed entirely on the upper floor of the buildings.

Down town, in Park Row and in the neighborhood of City Hall, the water did not fail till the afternoon. In the upper stories of many Harlem flats there was no water after 9 o'clock in the morning.

It is unnecessary to deplete the annoyance and inconvenience entailed upon families by the curtailment of the water supply, in addition to the vexation of an insufficient quantity of water for cooking and strictly domestic purposes, the danger to health from the lack of water to properly wash closets and sinks is an alarming phase of the difficulty.

The trouble in Col. Kopper's command arose out of an unsuccess attempt of the Colonel to obtain the discharge of Capt. Belknap for alleged insubordination. The Board reported that the charges were not substantiated, but recommended that the Captain be discharged.

The trouble in Col. Dan Appleton's regiment arose out of an unsuccess attempt of the Colonel to obtain the discharge of Capt. Belknap for alleged insubordination. The Board reported that the charges were not substantiated, but recommended that the Captain be discharged.

The difference between these two warlike men, according to the report of the reporter, is that while the latter is a man of letters, the former is a man of letters.

It was when Allen became Second Lieutenant and Patterson a sergeant, and Allen's friends say that the writing was by the difference in these ranks, the Sergeant, Allen, conceiving a jealousy for the Lieutenant.

The other paper, according to Lieut. Patterson, was a letter addressed to him by Capt. Allen, and in it the latter, in his formal statement, asking the Lieutenant to resign from the service.

Who will be Justice? Chance for a Democrat to Redeem the Third District.

The possibility of the appointment by Governor Hill of a Republican justice to the vacant position created by the death of Judge Geo. B. Deane, Jr., is being discussed.

The late Judge Deane was a Republican, and the "Wicket" thinks, it is said, stands a candidate for the place.

Judge Deane's successor will hold office until the next election, and it is probable that the Governor will appoint a Democrat and give him a majority of the vote.

Both of the Democratic organizations are desirous that Gov. Hill should appoint a Congressman John A. Adams, who was elected at the polls, and for the position of Judge Deane, but he has refused to accept it.

The Republican organization is desirous that the Governor should appoint a Democrat and give him a majority of the vote.

Stabbed for Refusing Cigarettes. Thirteen-year-old Martin Suckey was held today for stabbing Michael Yohanan, who smokes a cigar since at 121, Madison street, because the latter refused to sell him cigarettes.

MASTER MASONS GATHERING. 109th Annual Communication of the Grand Lodge of the State.

Hundreds of Delegates in Attendance Upon the Sessions.

The one hundred and ninth annual communication of the Grand Lodge of Master Masons of the State of New York, which was called to order this afternoon at Masonic Temple by Grand Master John W. Voorman, commenced at 2 o'clock.

The Convention assembled at 2 o'clock, and its labors will continue during Wednesday and Thursday. The election of officers will take place to-morrow, and there is every probability that the entire affair as it is continued at present will be completed before the Grand Lodge at its present session.

The property was owned by ex-Mayor Charles Hutchinson, of Utica, a prominent Mason, who died last year. The property was purchased, and was acquired at a cost to the Grand Lodge of only \$20,000. It consists of 100 acres of land known as the Utica Driving Park, and was also used as a country seat.

There has also been an unusually large increase in membership, though in accordance with the plan of limiting the number of lodges in the State, only one dispensation to form a new lodge has been issued during the year.

SUICIDE OF A MANIAC.

A Ward's Island Patient Punishes Himself to Death with a Nail. The Board of Health informed Coroner Levy this morning that John Grace, a colporteur, of 122 East Fifty-sixth street, had committed suicide in the insane asylum on Ward's Island on Saturday last while suffering from acute mania.

The certificate of his death was made out by Dr. Louis T. Pettit, of Ward's Island, and the Board of Health refused to issue it until it was ascertained that the Coroner had been notified of the death.

There has also been an unusually large increase in membership, though in accordance with the plan of limiting the number of lodges in the State, only one dispensation to form a new lodge has been issued during the year.
